

THANKSGIVING SERVICES

Held by all Churches of City at M. E. Church, South Wednesday Evening.

The various Protestant Churches of the city, held a praise and song service Wednesday evening at the M. E. Church, South. This being prayer meeting night there, the services took this form instead of the regular Thanksgiving services on Thursday, as usually held here.

The choir was composed of the best voices of the various denominations and the music was spirited and inspiring.

Rev. Howard J. Brazelton, of the Christian Church, conducted the services and read the lesson of the evening, and made a brief, appropriate talk, after which prayers on the following subjects were offered: "Thanksgiving for the Blessings to Our Homes during the past year," by Rev. O. Ragon, pastor of the M. E. Church. "To Our Children," W. N. Martin, of the M. E. Church, South. "To Our Schools," Dr. A. O. Sisk, Superintendent of the Missionary Baptist Sunday School and member of the Board of Educators. "To Our Commercial Interests," Mr. F. B. Arnold, teacher of the Men's class of the Christian Church and banker.

After this feature of the program, Mr. Arnold, was called to the floor by Rev. Brazelton, and made a stirring appeal to the ladies of the city, in behalf of the delivery boys and teams who are forced, through the thoughtlessness of the patrons, to deliver goods until a very late hour at night, keeping the long suffering horses standing idle for hours at a time, possibly in the rain and sleet, and then working them hard at hours when they should be in their stalls, enjoying the meals to which they are entitled. The delivery boys are also made to work so late, carrying for their teams, that by the time they are through, it is too late to attend church services or otherwise pass a profitable and pleasant evening. He asked that the householders make their orders early on this account.

He was immediately followed and warmly recorded by Walter Martin, who made the further suggestion, that as much of the Saturday orders be made in the morning as possible, instead of the afternoon for the same reason.

This is a very important matter, and one that can be easily remedied, if each one will only imagine themselves in the place of the delivery boys and be governed accordingly.

Rev. W. A. Grant, pastor of the M. E. Church, South, pronounced the benediction.

They will pass through this city Sunday night on 93 and will be joined by Mrs. Charlie Doyle, and will go to Memphis where they will visit Mrs. Zeda Crawford. Don't Dope A Puny Child

Parents—don't give that puny, ailing underweight child any of those so-called "tonics" containing alcohol or dangerous drugs; such stuff won't give relief and health to grown people, let alone children. Its purpose is to stimulate for a short time after each dose, just as whiskey or morphine does, thus making you believe it is doing real good.

Give that child something that will really build it up—replenish the wasted tissues—feed the stunted, dwarfed, puny muscles—make it lively strong, well—full of the animal spirits children are meant by nature to have. Give it Rexall Olive Oil Emulsion.

Rexall Olive Oil Emulsion is wholesome, nourishing, free from alcohol and dangerous drugs. Its the ideal nerve, blood and body builder. It does the work it is planned to do better than any other medicine we know of, and our faith in it is so great that we not only urge you to use it and give it to your children—but we guarantee that it will do as we say it will, or cost you nothing.

Rexall Olive Oil Emulsion should be given to children who catch cold easily. Begin right now, and use it.

to build up the child's system to such strong health that it can resist colds, croup, grippe, bronchitis, catarrh, pneumonia and other cold weather diseases. You who are weak and run down, and you who are well now, but are liable to suffer from various cold weather ailments, use Rexall Olive Oil Emulsion to get and keep well and strong. For the tired-out, run-down, nervous, emaciated or debilitated—the convalescing—growing children—a good people—it is a sensible aid to renewed strength, better spirits, glowing health.

Rexall Olive Oil Emulsion—king of the celebrated Rexall Remedies—is for freedom from sickness of you and your family. You'll be as enthusiastic about as we are when you have noted its pleasant taste, its strengthening, invigorating, building-up, disease-preventing effects. Canaries and Coal Mines.

Canaries are to be life-savers. No-body knows who found this out, but the canary succumbs to mine gas tentatively as quickly as a human being, and far more rapidly than any other living thing. Perhaps the pet of some poor miner taught him this law of his personal physical salvation, and the tradition spread at subtly and speedily as traditions do.

So the canary is now a scientific adjunct to coal miners. Demand for coal and realization of former wasteful methods in extraction are calling renewed attention to old coal mines. But nothing is more dangerous than an old coal mine. Gas and black damps accumulate there. And such mines furnish fine fields for experimental work in connection with life-saving efficiency.

So twenty-five Government mine rescue experts from Pennsylvania, Michigan, Illinois, Indiana, West Virginia, with five canaries, are camping in one of the mines of the Pittsburgh Coal Co. They will determine many problems bearing upon the diseased coal mine, its value and its danger. Leading coal companies are watching results through representatives who enter the mines and visit the rescuers' camp. And the beautiful little yellow birds well outlined against the black setting of the coal will become the permanent adjunct of all mine rescue corps.

Title of Pope.

It is uncertain when the title pope was first used. The earliest instance we can cite, is that of Heraclius, Patriarch of Alexandria, in 322. It is still the ordinary title of parish priests in the eastern Greek church. In the west, it continued for several centuries to be applied to bishops generally, but it was restricted to the Roman pontiff by Gregory VII. in a synod, held at Rome in 1073.
